

DCC- Technology Demonstration Program

Eligible Use of Funds:

Eligible expenses include costs and activities directly related to achieving the objectives for which the OCI funding was granted. All procurement activities must conform to the [Broader Public Sector Accountability Act \(BPSAA\)](#).

Eligible Expenses:

1. Actual costs directly attributable to and necessary for the completion of the project and are not wholly or partially for another purpose. This includes actual cash outlays that must be documented through invoices and proof of payments - and are subject to verification by an independent auditor.

Evidence of payment must be maintained for audit purposes. Costs incurred outside Ontario are ineligible unless otherwise approved by OCI.

Retroactive Expenses:

OCI will acknowledge expenses after the approval date. In cases where an application is not approved and activated, expenses are incurred at the risk of the Applicant.

Public leverage of DCC contribution:

Matching contributions from partners must be from private sources. DCC's funding and/or partners' project contributions cannot be used to leverage other public funds (at the municipal, provincial, and federal level, including directly controlled entities) to support the same project activities and milestones.

Notes:

GAAP is a collection of commonly followed accounting rules and standards for financial reporting. The purpose of GAAP is to ensure that financial reporting is transparent and consistent from one organization to another.
