Health & Safety Compliance Made Easy

Simplify safety management with digitized forms, instant notifications, and streamlined field worker signatures and acknowledgements.

Digitized Forms & Processes: Replace paper-based forms with customizable digital versions, ensuring accurate and efficient data collection.

Real-Time Notifications: Stay informed of safety updates and incidents with instant alerts and streamlined communication.

Field Worker Signatures: Simplify field worker acknowledgements using mobile app signatures, enhancing accountability and compliance.

The image displays the Anzen FieldApp interface on both a mobile app and a laptop screen. The mobile app screen shows a form titled "Activity Hazards" with a "Confirm" button. The laptop screen shows a "Form Submission Inbox" with a list of forms and a detailed view of a "Job Hazard Assessment VI-FOR-140" form. The form includes a "Response" section with checkboxes for various hazards and a "Reason" section.

Simplified Equipment & Asset Management

Transform your equipment and asset management with Anzen FieldApp's powerful tracking, inspection, and budgeting functionalities.

Comprehensive Tracking: Easily monitor equipment and assets with a customizable, user-friendly platform, eliminating manual spreadsheets.

Inspections & Compliance: Streamline inspection processes and ensure adherence to regulations with built-in reporting and lifecycle management.

Efficient Budgeting: Optimize equipment spending and improve decision-making with Anzen FieldApp's integrated budgeting tools.

Find Out How Anzen FieldApp is Helping Businesses Like Yours

"Anzen FieldApp has completely changed the game for us. We made the switch from SiteDocs and have been amazed by the powerful features and user-friendliness of this platform. We're able to streamline our administrative tasks, get real-time updates from the field, and stay on top of training and licensing renewals. If you have field workers, you have to give Anzen FieldApp a try."
