

2025 BAYLIS ONTARIO LIFE SCIENCES INNOVATOR AWARD

ABOUT THE AWARD

The Ontario Centre of Innovation is proud to have Baylis Medical Technologies sponsor for the second year in a row, the 2025 Baylis Ontario Life Sciences Innovator Award. This award is designed to recognize a top entrepreneur leading an Ontario based life sciences company that has demonstrated significant impact in the sector.

This impact can be evidenced through **(1) Innovation:** Introduction of new technologies, therapies, or products that address unmet medical needs or improve existing solutions. **(2) Economic Growth:** Creation/retention of jobs, attracting investment **(3) Disruptive Impact:** New advancements in scientific research, leading to new discoveries, publications, and patents that push the boundaries of life sciences, placing Ontario as the forefront of the Life Sciences sector. **(4) Health Outcomes:** Improvements in patient care, treatment efficacy, and overall public health due to the implementation of new medical technologies or practices.

The top innovator will receive an award recognizing their contributions in the Ontario Life Sciences sector, presented by the Minister of Economic Development Job Creation and Trade at the OCI Annual General Meeting. And will be featured on OCIs social media, including a story in the FY25-26 OCI Annual Report.

NOMINATION CRITERIA

Eligible innovators must be leading an Ontario based life sciences and healthcare technologies company related to human health. Note: Ontario or Canadian incorporated for-profit SMEs headquartered in Ontario

Note: Exclusions, agrifood and industrial biotechnology.

HOW TO SUBMIT

All applications must be submitted by **July 14, 2025**.

Applications will be reviewed by a panel made up of both internal and external leaders in the Life Sciences sector and only the top 3-5 applications will move forward to the voting period of the process.

The top 3-5 innovators will be featured on the OCI website, entrepreneur, photo of the innovator, company description, company logo, voting buttons.

Individuals will be able to vote for the innovators that they deem have demonstrated the strongest impact in the Life Sciences ecosystem based on one or more of the impact areas: (1) Innovation, (2) Economic Growth, (3) Disruptive Impact and/or (4) Health Outcomes

KEY TIMELINES Launch of the award	June 9, 2025
Nomination deadline	July 14, 2025
Voting period	July 28-October 3
Announcement of the top innovator	October 22, OCI AGM

QUICK FACTS

OCI has made significant contributions in the Life Sciences and human health technologies sector for the past 35 years.

OCI has invested in over 75 companies in the Life Sciences and human health technologies sector through the Ready for Market (R4M) Co-investment Fund.

OCI has invested an additional 30 companies through the Life Sciences Innovation Fund

ABOUT OCI

The Ontario Centre of Innovation (OCI) brings industry, academic, and government partners together to invest in collaborative R&D, technology development, and commercialization opportunities that generate the highest return on innovation for Ontarians.

As an ecosystem connector, OCI initiates unparalleled partnership opportunities, develops, and manages successful industry-academic collaborations, supports high-potential SMEs in commercializing ground-breaking research, and provides hands-on training and skills development opportunities for the next generation of highly skilled talent.

OCI drives economic growth and job creation through investments in the development, commercialization, and adoption of advanced technologies.
