

Techmien Corp.

Generative AI for Ontario SMEs

Empowering digital transformation through the Digitalization Competence Centre (DCC)

About Techmien

Ontario corporation founded in 2016, specialized in:

- Conversational AI (chatbots, GPTs, Copilots)
- AI-powered search & knowledge access
- Workflow acceleration
- Similarity matching
- Secure, accessible, multilingual solutions

Why Choose Us?

- ✓ Proven track record of AI outcomes: pilot-to-scale success
- ✓ 100% local Ontario expertise, trusted by SMEs
- ✓ Rapid delivery with structured methodology
- ✓ Funding synergy with DCC programs

AI Adoption Roadmap

1. **AI Spark** – Ignite your AI journey with a focused chatbot tailored to your business
2. **Info Guide** – Your internal knowledge, made accessible and conversational
3. **Finder** – Turn your data into instant answers with one intelligent agent
4. **FlowBoost™** – Supercharge workflows with AI-powered suggestions and smart automation

Why Techmien + DCC?

Program	Funding	How Techmien Helps
Retail Grant	Up to \$5K	Enhancing customer experience with AI tools
Digital Modernization & Adoption Plan (DMAP)	Up to \$15K	Building your AI roadmap
Technology Demonstration Program (Implementation)	Up to \$100K	Scale up with AI solutions
